

CHISTES GEOMÉTRICOS

**Ja, ja, ja,
¿Te caíste?**

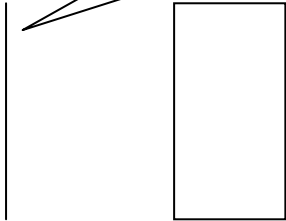

**Deja de dar
volteretas y
párate**

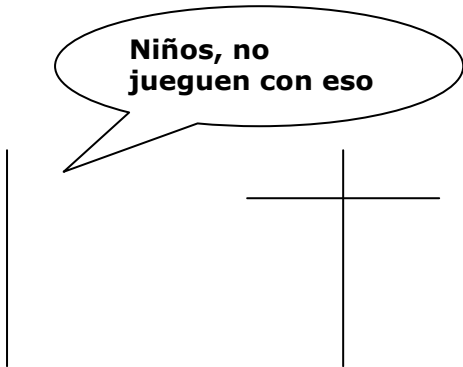

Me carga desfilas

¡Cómo has engordado!

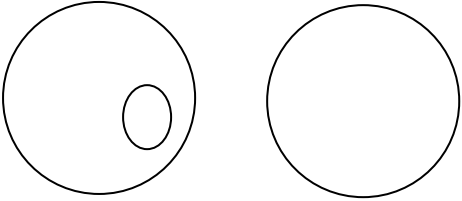

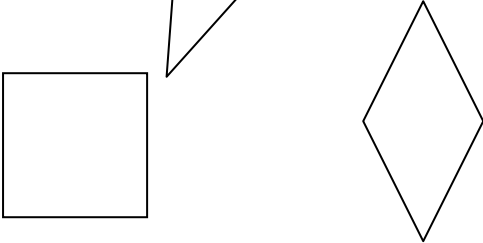

**Una siesta me
vendrá muy
bien**

**¿Cuántos
meses tienes?**

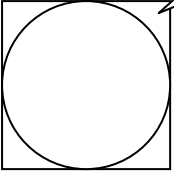

**¡Tan descuadrado
que eres!**

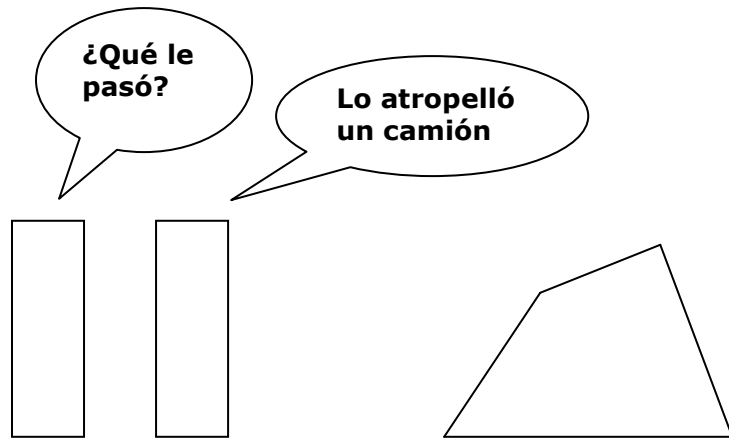

**Su problema
se ha
agudizado**

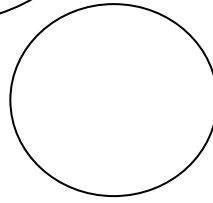

**¡Ya pues!
Déjame salir**

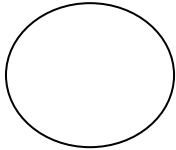

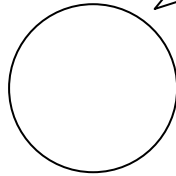

**¡Espera!, no
vayas tan
rápido**

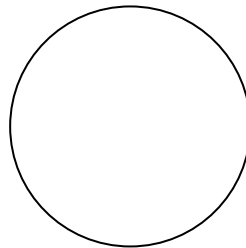

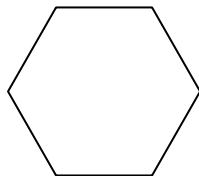

¡My God! Un OVNI

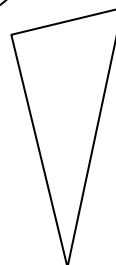

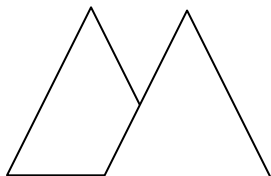

**♪ Rodar y rodar,
rodar y rodar...♪**

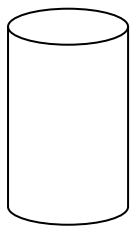

**Espero que la dieta
me deje como tú**

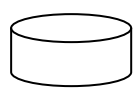

**¡Cuidado! Dicen
que ese triángulo
viene de las
Bermudas**

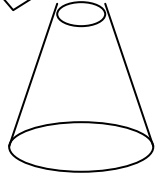

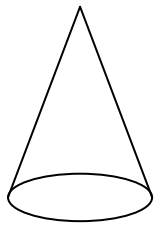

Voy a postular a bombo, ¿y tú?

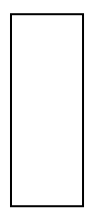

Mi puntaje da para tambor, no más

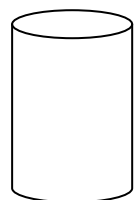

Junto a ti soy como un volcán

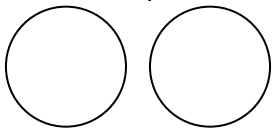

¡Me encantaría ser como tú!

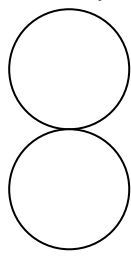

Basta con que gires muchas veces y listo

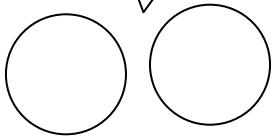

¡No somos nada!

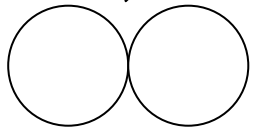

¡¡Eureka!!

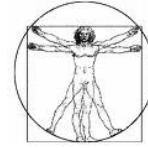

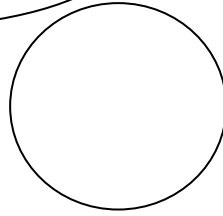

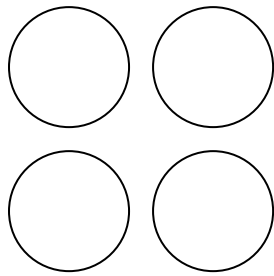

¡No somos nada!

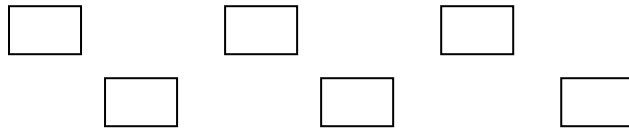

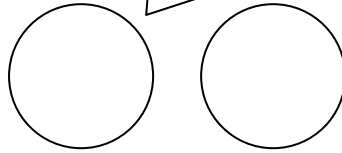

¡¡Somos infinito!!

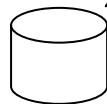

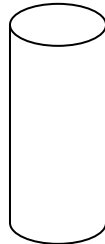

Hoy estudiaremos
la circunferencia
de Vitrubio

Ahora sabemos que el
Hombre de las Nieves
tiene pie plano

¿Qué te pasa
amigo?

El trabajo de
vela me está
consumiendo
